

This is a detailed topographic map of a region in Japan, likely in the Shizuoka Prefecture area. The map shows a mix of urban and rural landscapes. Key features include:

- Topography:** Contour lines are drawn throughout the map, indicating elevation. The terrain is more rugged on the left side, with higher elevations (up to 108.0m) compared to the flatter urban areas on the right.
- Urban Areas:** Several towns and villages are labeled, including 日枝町 (Hibiki-cho), 下田 (Shimoda), 西峰町 (Seihō-cho), and 高松町 (Takamatsu-cho). The map shows a dense network of buildings, streets, and infrastructure.
- Water Bodies:** There are several ponds and lakes, such as 田代方池 (Tagatahata-ike) and 湖 (Lake). A river or stream is visible on the left side.
- Infrastructure:** The map shows a network of roads, including what appears to be a main road running vertically through the center. There are also labels for various public facilities like schools (e.g., 日枝中学校, 下田小学校) and parks (e.g., 公園).
- Map Elements:** A scale bar is located at the bottom left, and a north arrow is positioned at the bottom center. The map is framed by a coordinate grid with latitude and longitude markings.

The map is a black and white line drawing, typical of traditional Japanese topographic maps. It provides a comprehensive view of the local geography and urban planning of the area.

This is a detailed topographic map of a region in Japan, likely around Shimoda. The figure consists of two maps. The upper map is a schematic diagram of the dam project area. It shows the 'Dam' (ダム) as a horizontal structure across a river. To the left of the dam is the 'Water Gate' (水門). To the right is the 'Diversion Tunnel' (導水路). Further downstream, there are labels for 'Miyazaki River' (宮崎川), 'Kagami River' (かみ川), and 'Sakuragi River' (さくらぎ川). A legend indicates symbols for 'Dam' (ダム), 'River' (河川), 'Road' (道路), and 'Fence' (柵). Below the schematic is a topographic map showing contour lines with elevations such as 250, 255, and 258 meters. Key locations marked include 'Dam' (ダム), 'Water Gate' (水門), 'Diversion Tunnel' (導水路), 'Miyazaki River' (宮崎川), 'Kagami River' (かみ川), and 'Sakuragi River' (さくらぎ川).
